Art Unit: 3662

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

On line 4 of newly-amended independent claim 1, the newly-added term "aerodynamic center" is indefinite and unclear in context. Please see 37 CFR §1.75(d)(1).

On line 6 of newly-added independent claim 20, the newly-added term "aerodynamic center" is indefinite and unclear in context. Please see 37 CFR §1.75(d)(1).

Dependent claims 2-19 are unclear in that they depend from unclear independent claim 1.

3. Due to the lack of clarity of the important term "aerodynamic center" in independent claims 1 and 20, it is not possible to indicate potential allowable subject matter at this time.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3662

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
